

the indian review of
world furniture,
interiors and design

The advertisement features a dark background with several black architectural profiles. One profile is a long, thin strip with a series of small, circular holes along its length. Another profile is a thicker, T-shaped extrusion. A third profile is a long, thin strip with a series of small, circular holes along its length, similar to the first one. The profiles are arranged in a way that suggests they are part of a larger architectural design.
