K-Lite Industries Launches Innovative LED Architectural Lighting Series

K-Lite Industries, an ISO-certified company renowned for its cutting-edge indoor and outdoor lighting solutions, has launched an all-new series of LED Architectural Lighting products. As trendsetters in the outdoor lighting industry and strong proponents of the "Make in India" initiative, K-LITE continues to push the boundaries of innovation with its latest range designed for modern urban environments.

The newly unveiled product portfolio showcases a wide range of applications, including:

- Facade Lighting
- Pathway Lighting
- In-ground Luminaires
- Up-Down Lighting
- Billboard Lighting
- Vertical Light Bars
- Wall Washers
- Area Lighting Poles

In-Ground Luminaires

Sleek Polar Lighting – Star of the Series

Backed by over three decades of expertise and a deep understanding of urban illumination, these solutions are crafted to meet the demands of Indian conditions while aligning with global standards. All fixtures are powered by high-performance LEDs that meet LM-80 standards and are sourced from internationally recognized brands like Nichia and CREE.

Key Features:

- High Efficacy: All luminaires exceed 100 lumens per watt
- Certifications: RoHS, LM-79, and CE compliant
- Versatile Optics: Multiple beam angles and distributions
- Color Temperature Options: Cool White, Neutral White, and Warm White

A standout in this series, the Sleek Polar Lighting Solutions, are the epitome of modern design. With a clean, compact profile and no visible mounting equipment, this design harmoniously blends with square architectural forms. Their seamless integration and minimalist aesthetics make them the ideal lighting choice for contemporary architectural spaces.
